### Program Committee

Holger Winkels ([Holger.Winkels@med.uni-muenchen.de](mailto:Holger.Winkels@med.uni-muenchen.de))

Fabian Mohr ([Fabian.mohr@tum.de](mailto:Fabian.mohr@tum.de))

Julia Winnewisser ([julia.winnewisser@med.uni-muenchen.de](mailto:julia.winnewisser@med.uni-muenchen.de))

### FAQs

*How long should the talk be?*

10 -15 Minutes + 5 minutes Discussion in a PowerPoint presentation

*I just started my project, there is hardly any data I can show – What should I do?*

Don't worry, everybody started his or her project once – just shortly introduce your project and don't worry about the 15 minutes; shorter is also fine

*My data is not yet good/inconclusive*

Also don't worry, there are only PhD candidates there, most of your data is still in development, we are here to discuss our projects.

Maybe you can point out a problem you are facing at the moment? Or bring across a fancy method you are using/establishing?

*What do I have to bring?*

For the talks: Your presentation on a stick!

For the canyoning: A bathing suit and sneakers/shoes that can get wet. Ideally with some profile. The outdoor-centre is caring about everything else.

## Program
